

DREAM ON

By VickieAmoah

Verse 1:

When you find a dream inside your heart
Don't ever let it go
For dreams are tiny seeds from which
Beautiful tomorrows grow
People live, people die
People laugh, people cry
Some give up and some will try
Some will say "hello," some will say "goodbye"
Even some may forget you
But your God never will
So when you dream don't hold back
For through Him, you can do all things

Chorus:

So go on
Soar like an eagle
With those wings you can fly
You will surely, get there
So go on
Soar like an eagle
With those wings you can fly
You will surely, get there
So dream on

Verse 2:

You only look back to correct your mistakes

To pick up those pieces

Do not lament on your failures

For they are only stepping stones to victory

Quitters don't win, winners don't quit

You are more than a conqueror

Thank goodness, you're born to win

There is no mountain, you can't climb

No river, you can't cross

God is all, you need to get there

(Repeat Chorus)

Interlude...

(Repeat Chorus)

So go on

Don't hold back

You will get there

It's a matter of time

You will get there
